

RETREAD

Asian Retread Conference 2018

Oct 2 & 3, 2018 | Sime Darby Convention Centre
| Kuala Lumpur, Malaysia

ARC
Asian Retread
Conference 2018

Call for Papers

Asia's ground-breaking conference related to the tyre retreading industry is back in Kuala Lumpur, Malaysia, with the most relevant contemporary theme:

BETTER, FASTER, CHEAPER

The theme captures, in essence, the compelling actions needed to be taken by retreaders and the industry to remain competitive, relevant and for retreads to be the first choice of customers.

ARC 2018 will address issues and challenges that define the present market scene and also what needs to be done to keep this green industry alive.

We cordially invite you to be part of this conference and present a paper, relevant to the theme, to a global audience from the industry and its stakeholders at **ARC 2018**.

The **ARC 2018** programme outline will include, but is not limited to:

- Retreading Process and Machinery
- Compounding for Retreads
- Tyre and Casing Repair
- Tyre and Retread Management
- Innovative Retreading Solutions
- Tyre and Retread Statistics
- Future of Transportation in Relation to E- Mobility and its Impact
- Regulations, Enforcement and Road Safety
- Methods to Reduce Cost for Fleet /Logistic Companies

To submit a paper proposal for the **ARC 2018** conference or discuss your proposal, please call or email:

Dato' Mohamed Ishak bin Abdul Hamid
